**No. 1564**

---

**Introduced by Committee on Jobs, Economic Development, and  
the Economy (Arambula (Chair), Canciamilla, Houston, and  
Oropeza)**

February 22, 2005

---

An act to amend Section 8330 of the Government Code, relating to  
information technology.

LEGISLATIVE COUNSEL'S DIGEST

AB 1564, as introduced, Committee on Jobs, Economic  
Development, and the Economy. Citizen Complaint Act of 1997:  
Internet Web sites.

The Citizen Complaint Act of 1997 requires all state agencies that  
have Internet Web sites to implement its provisions in a manner that is  
consistent with the statewide strategy for electronic commerce as  
established by the Department of Information Technology.

The provisions of law establishing the Department of Information  
Technology were repealed by their own terms on January 1, 2003.

Existing law generally sets forth the duties of the Business,  
Transportation and Housing Agency in the oversight of various  
information technology activities in the state.

This bill would delete the reference to the Department of  
Information Technology in the Citizen Complaint Act of 1997, and  
instead refer to the Business, Transportation and Housing Agency.

Vote: majority. Appropriation: no. Fiscal committee: no.  
State-mandated local program: no.
